
A few more sites

Posted by xmasbaby - 2006/01/26 05:54

Here are a few more sites I didn't see mentioned:

<http://www.usphotostock.com/index.php>

<http://www.stockphotomedia.com/>

Slow-going at both so far, but they are also fairly new.

Here is another new site:

<http://www.freephoto.com>

You can define your own price and get about 95% from each sale.
