
LOVE IT

Posted by Flash - 2006/01/23 23:23

This is just what I have been looking for. I hope you get more sites involved. I wonder if they will see the value in it. I think sometimes these stock sites are worried about giving away business. But, what most of the small ones need are more PHOTOGRAPHERS! And they are so hard to find.

I have just found a few new one to check out myself. Thank you!
